

Looking to **SAVE MONEY** on your **Electric Bill?**

RESIDENTIAL and COMMERCIAL Electric Customers

Start **SAVING** up to **15%** on the supply portion of your electric bill today!

The only change is you save money:

Take Advantage of Deregulation TODAY and choose to get YOUR electric supply from First Point Power.

- Your utility, billing, repair and meter reading remain the same.
- You continue to receive **ONE BILL** from your current utility.
- **NO service interruptions**
- **NO fees**
- **NO deposit**
- Month to month so no penalty if you decide to leave us.

Deregulation of Electricity:

Simply put, you have a choice of where you buy your electricity. Your local utility will continue to provide service, reliability, meter reading and you will still only get one bill from the utility.

Enrolling online is easy:

Just have a copy of your bill handy. Visit the website below, click "Sign Up" and complete the short form. If needed, we can talk you through the form; just call the Consultant below.

Please ensure that you see the above contact details in the upper right corner before enrolling

Our Mission:

To provide lower-cost energy by procuring electricity at wholesale rates and pass the savings on to our customers.

First Point Power is a licensed competitive energy supplier located in Rhode Island. We serve residential, commercial, and municipal electricity supply markets in the State of Rhode Island and Massachusetts. As a member of the New England Power Pool, we are able to procure electricity at wholesale rates and pass on the savings to our customers.

By working with the local utility, we have created a service that includes a simple sign up process and easy bill pay by consolidating our charges on your utility bill so you still receive one bill from your utility.
